

INC Magazine names UEC Electronics the fastest Growing Manufacturer in South Carolina

Each year INC Magazine releases their list of the 5000 fastest growing, privately owned businesses in the United States. UEC Electronics was ranked at 2250 nationally from a pool of greater than 7 Million privately owned businesses.

Additionally, 233 of the businesses on the INC Magazine's 5000 fastest growing companies were Manufacturing Businesses. UEC Electronics was ranked 69 among Manufacturers nationally. Of the 233 businesses ranked, four were from South Carolina and UEC Electronics was the fastest growing Manufacturing Business in South Carolina.

UEC Electronics revenues have grown by 106%, and 52 employees have been added to the staff, in just the last three years. Founded in 1995, UEC Electronics provides engineering services, system integration and complex assembly manufacturing support for military, aerospace, medical and commercial customers.
